High Performance Companies: Successful Strategies from the World's Top Achievers Nitin Pangarkar
The easy-to-adopt strategies that make companies from Coca-Cola to Starbucks perennial over-performers and that you can use, too

High Performance Companies complements the frameworks for strategy making detailed in many existing books, proposing a number of rules of thumb (or principles) that companies can consider when making their day-to-day decisions which, in turn, will determine their actual strategies. These principles traverse a wide range of scenarios, such as strategic changes implemented by companies, resource allocation decisions—especially towards building durable assets—and resource acquisition through inorganic means.

The book adopts a reader-friendly approach by teasing out the lessons to be found in detailed cases studies from interesting companies. The writing minimizes jargon while maintaining rigor, especially with regard to the applicability and relevance of the strategic principles to different business contexts.

- Cites extensive evidence in support of the proposed arguments, without sacrificing readability
- Combines both short and long case studies within each chapter to demonstrate the general applicability of the principles presented
- Uses a variety of examples ranging from well-known companies such as Coca-Cola, Singapore Airlines, and Starbucks to relatively lesser known companies such as Illinois Tool Work, SAS Institute, and Heng Long Leather to show that the principles presented are applicable everywhere

Providing valuable new insight into what makes a business successful and how to replicate this in a company of any size, *High Performance Companies* is an essential addition to the library of any manager or student of business.

Raymond Crandall:

Is it you actually who having spare time in that case spend it whole day by watching television programs or just telling lies on the bed? Do you need something totally new? This High Performance Companies: Successful Strategies from the World's Top Achievers can be the solution, oh how comes? A book you know. You are therefore out of date, spending your extra time by reading in this fresh era is common not a nerd activity. So what these textbooks have than the others?

Jonathan Rodriguez:

As a scholar exactly feel bored to be able to reading. If their teacher expected them to go to the library or to make summary for some book, they are complained. Just minor students that has reading's spirit or real their leisure activity. They just do what the professor want, like asked to the library. They go to presently there but nothing reading seriously. Any students feel that reading through is not important, boring and also can't see colorful images on there. Yeah, it is to get complicated. Book is very important for you personally. As we know that on this time, many ways to get whatever we wish. Likewise word says, ways to reach Chinese's country. Therefore , this High Performance Companies: Successful Strategies from the World's Top Achievers can make you sense more interested to read.
