Squier Electrics: 30 Years of Fender's Budget Guitar Brand Tony Bacon

(Book). In 1982, Fender revived an old guitar-string name for its new line of Japanese-made electric guitars. Millions of guitars later, and celebrating its 30th anniversary, Squier is almost as important to the company as the main Fender brand. Guitar pundit Tony Bacon reveals the stories behind the original (and collectible) Japanese-made Squier Series models, the way that Fender has often been more adventurous and experimental with Squier, away from its protected main brand, and the famous musicians who have chosen to play Squier instruments, from Courtney Love and her Venus model to blink-182's Tom DeLonge and his one-pickup/one-control signature Stratocaster. Full of the luscious pictures, absorbing narrative, and collector's data that characterize Bacon's best-selling instrument books, Squier Electrics is the only guide to one of the most popular guitar brands of recent times.
