The Chorleywood Bread Process (Woodhead Publishing Series in Food Science, Technology and Nutrition) S P Cauvain, L S Young

The introduction of the Chorleywood Bread Process was a watershed in baking. It sparked changes in improver and ingredient technology, process and equipment design which have had a profound impact on baking processes and the structure of the industry. Written by two of the world's leading experts on the process, this important book explains its underlying principles and ways of maximising its potential in producing a wide range of baked products.

After a brief review of the basic principles of bread making, the book outlines the development and fundamental characteristics of the Chorleywood Bread Process. The following group of chapters review the key steps in the process, beginning with ingredient quality and quantities. Other chapters consider dough mixing and processing. Building on this foundation, the authors then review common quality defects and how they can be prevented or resolved. The book then considers how knowledge-based software systems can help to manage the process. The concluding chapters review the range of bakery products that can be produced using the process, how it can best be applied in different kinds of bakery and likely future developments.

The Chorleywood Bread Process is a standard work for all bakers around the world wishing to maximise the potential of the process, and for scientists, technologists and students wanting a better understanding of the process and its place in commercial bread making.

- The first book to describe the Chorleywood Bread Process
- Reviews ingredient quality and quantities
- Considers how knowledge-based software systems can help manage the process

From reader reviews:

Delores Saenz:

The book untitled The Chorleywood Bread Process (Woodhead Publishing Series in Food Science, Technology and Nutrition) is the reserve that recommended to you to study. You can see the quality of the book content that will be shown to an individual. The language that author use to explained their ideas are easily to understand. The copy writer was did a lot of investigation when write the book, to ensure the information that they share to your account is absolutely accurate. You also could possibly get the e-book of The Chorleywood Bread Process (Woodhead Publishing Series in Food Science, Technology and Nutrition) from the publisher to make you more enjoy free time.

Henry Taylor:

Your reading sixth sense will not betray you, why because this The Chorleywood Bread Process (Woodhead Publishing Series in Food Science, Technology and Nutrition) guide written by well-known writer who really knows well how to make book that could be understand by anyone who have read the book. Written within good manner for you, still dripping wet every ideas and publishing skill only for eliminate your current hunger then you still hesitation The Chorleywood Bread Process (Woodhead Publishing Series in Food Science, Technology and Nutrition) as good book but not only by the cover but also from the content. This is one publication that can break don't judge book by its handle, so do you still needing one more sixth sense to pick this specific!?! Oh come on your reading through sixth sense already told you so why you have to listening to a different sixth sense.

Gary Roth:

Many people spending their time by playing outside using friends, fun activity with family or just watching TV the whole day. You can have new activity to pay your whole day by reading a book. Ugh, think reading a book will surely hard because you have to take the book everywhere? It all right you can have the e-book, getting everywhere you want in your Smartphone. Like The Chorleywood Bread Process (Woodhead Publishing Series in Food Science, Technology and Nutrition) which is having the e-book version. So , why not try out this book? Let's view.

Maria Holder:

Don't be worry when you are afraid that this book will filled the space in your house, you can have it in e-book technique, more simple and reachable. That The Chorleywood Bread Process (Woodhead Publishing Series in Food Science, Technology and Nutrition) can give you a lot of pals because by you taking a look at this one book you have thing that they don't and make anyone more like an interesting person. This book can be one of one step for you to get success. This reserve offer you information that possibly your friend doesn't recognize, by knowing more than additional make you to be great persons. So , why hesitate? Let us have The Chorleywood Bread Process (Woodhead Publishing Series in Food Science, Technology and Nutrition).
