Does God Exist? Without doubt, the greatest question to face humanity in its history, the controversy rages on today with a recent spate of books on both sides of the divide. However, this debate is not a new phenomenon. For centuries, our greatest philosophers, from Aristotle to Nietzsche, have sought to clarify the idea of a Supreme Being and examine the unique conundrums that He raises. Revealing the thoughts of history's biggest philosophers on the biggest question of all, The God Question will help you make your own mind up. Presenting pithy arguments from the faithful, atheistic, and downright heretical, Pessin's light-hearted prose will give you a captivating insight into a wide array of God-related puzzles, whether or not you are religiously inclined.
