Estudios sobre ética de la investigación y violencia de género en México (Spanish Edition) María Guadalupe Huacuz Elías, Verónica Rodríguez Cabrera

La práctica investigativa sobre la violencia de género propicia experiencias, retos, expectativas, dudas, situaciones problemáticas, formas de abordaje y contradicciones que normalmente pasan desapercibidas en las instituciones (académicas, gubernamentales y organizaciones de la sociedad civil) en donde se realizan investigaciones sobre el tema. Esta problemática invisible ha preocupado a mujeres inmersas en las luchas políticas, las reflexiones académicas feministas y los debates en torno al género. Las autoras que participan en este volumen abordan de forma incisiva, decididamente personal y desde varios enfoques disciplinarios dilemas como: la ética feminista, la ética de la investigación y, por supuesto, la violencia falocéntrica.
