Eye of the Storm: The South and Congress in an Era of Change

Eye of the Storm: The South and Congress in an Era of Change

Southern power and influence in Congress has been on the wane in the latter part of the 20th Century, but as the essayists in this collection suggest, the region appears poised to reclaim its influence. While southern legislative politics is still a product of the region's unique history, political experience, racial legacy, and experience with one-partyism, Congress is one of the primary--if not the paramount--battlegrounds where southern politics are making an impact on the rest of the United States.

This collection of the most recent, critical, and thought-provoking literature, written by some of the leading scholars in southern and legislative politics across the country establishes a paradigm of thinking about southern politics vis-a-vis Congress which illustrates the major issues and impacts this connection is likely to have in future decades. For all scholars and researchers involved with contemporary southern politics, Congressional politics, and U.S. elections.

So there are a lot of benefits that you will get when one buys this book.

Christopher Riley:

As a university student exactly feel bored to reading. If their teacher expected them to go to the library in order to make summary for some e-book, they are complained. Just minor students that has reading's heart or real their interest. They just do what the trainer want, like asked to go to the library. They go to generally there but nothing reading very seriously. Any students feel that examining is not important, boring and can't see colorful photos on there. Yeah, it is being complicated. Book is very important in your case. As we know that on this time, many ways to get whatever we wish. Likewise word says, ways to reach Chinese's country. So , this Eye of the Storm: The South and Congress in an Era of Change can make you experience more interested to read.
