**On Time and On Budget: Project Management Collection (4 Books)** Joe Knight, Roger Thomas, Brad Angus, Aaron J. Shenhar

The Harvard Business Review Project Management Collection is for anyone serious about project management. *Project Management for Profit* shows every company owner and project manager—at businesses large and small—how to run projects differently. *Reinventing Project Management*, based on an unprecedented study of more than 600 projects in a variety of businesses and organizations around the globe, provides a new and highly adaptive model for planning and managing projects to achieve superior business results. Also included in this collection are *Managing Projects Large and Small*, which will walk you through every step of project oversight from start to finish, and the *HBR Guide to Project Management*, which will help you: build a strong, focused team, break major objectives into manageable tasks, create a schedule that keeps all the moving parts under control, monitor progress toward your goals, manage stakeholders' expectations, and wrap up your project and gauge its success.
