## **Production Safety for Film, Television and Video** Robin Small

Covering all aspects of production safety, this is an invaluable reference guide for the independent programme maker, freelancer, manager, producer, tutor and student filmmaker. Robin Small identifies all the major risks and gives advice on how to control and/or eliminate them. Each hazard section includes useful references to the relevant legislation, documents and licences, as well as addresses of organisations for essential advice and recommended further reading. An appendix lists samples of vital certificates, with visual references provided on [www.focalpress.com](http://www.focalpress.com).

Important information about hazard identification, risk assessment and safety policy is provided in the chapters covering legislation, health and safety management, personal protective equipment and insurance. Particular hazards are then split into individual sections for ease of reference. These hazards include:

Asbestos  
Cranes  
Explosives and pyrotechnics  
Food and catering  
Manual handling and lifting  
Visual display screens  
Working at heights

The appendices provide comprehensive contact information for UK and European Health and Safety sources. They also include sample forms to draw up your own safety system.

Robin Small is Senior Lecturer in Television, Media Department at the University of Huddersfield.
