Predator: Invaders of the 4th Dimension #11 (Predator Vol. 1) Jerry Prosser

It's 1959, and Hollywood is spewing out dozens of grade-Z alien invasion movies. But what happens when a real invader from outer space shows up in the back lot of a movie studio? A hunter from another world lands in Hollywood to search for new talent, and the only roles these actors are getting are dead-end parts! With the aid of special glasses, 11-year-old Tommy Anderson is the only one who can see the Predator. But can this over-imaginative boy convince adults that there's really a murderous monster stalking him? It's mayhem at the drive-in when Predator comes a-huntin'!
