Salisbury Dalisby has been led by three new Sanctiant Ladies to a cave entrance opening on the huge rock surface, after agreeing to leave the surface of the first giant rock that had been made by Salisbury's tenth Sanctiant order. Salisbury soon finds himself at the end of the long cave tunnel at an opening that again comes out of the interior of a huge open vast cavern. The view from the cave into the cavern is as panoramic and spectacular as anyone could imagine. There is a very light blue sky that does not reveal what is beyond the eyesight of all of the Sanctiants and other uninvited visitors that eventually come to see what all of the excitement was about. The new always lighted environment was very hostile for the frail reptilian intruders. However, all of the Sanctiants living in the new vast cavern world were again finding happiness again by having a very quiet and peaceful world to live in. As the huge rock cooled down more and more uninvited dark lords started sending their troops to spy and harass the Sanctiant families living there. Some very unpleasant events occurred on the exterior of the first rock of Dalisby that would later cause the Sanctiant Salisbury Dalisby to become much more determined to get rid of the culprits that were making things worse for all of the Sanctiant families.
