Following on from Justin Sandercoe's hugely successful **Justinguitar.com** Beginner's Course and his songbooks for Guitar, this is Justin's first **Ukulele Songbook**, featuring 25 great Ukulele songs for players of all ages.

Inside you will find 25 fantastic songs by artists like *The Beatles*, *Daft Punk*, *John Legend*, *Bob Marley* and so many more. Justin Sandercoe has expertly compiled some classic Ukulele songs, some contemporary pop songs and some vintage favourites into an easy-to-use and fun-to-play **Ukulele Songbook** that will bring out the best in your instrument.

This Ukulele chord book begins at the very start, with beginner songs for Ukulele that only use the most basic chords. So if you've just started to get to grips with the instrument, you can start here and progress through every tune in the songbook. Songs like *I'm Yours* and *Stand By Me* will introduce the fun that can be had with the Uke, before you move onto the other sections and get more serious. Sandercoe goes on to introduce some classic Ukulele songs, some contemporary pop hits, and even some songs that sound like they shouldn't work on a Uke, but totally do! - such as *Get Lucky* by Daft Punk and *Happy* by Pharrell Williams.

The **Ukulele Songbook** is written in the inimitable style of Justin Sandercoe, whose enjoyment of the Ukulele is evident in his enthusiasm for how fun and accessible it is. Every song in the songbook is arranged especially for the Ukulele, and comes accompanied by full lyrics, chord diagrams and strumming patterns to help you through anything tricky. It's more than a mere songbook, though, as Justin also gives you general performance tips within each song, helping you to perfect your playing and become a better Ukulele player overall.

Whether you're just starting out or you need some fresh songs for your repertoire, the **Justinguitar.com Ukulele Songbook** will give you a number of tunes, and tell you exactly how to play them. You'll be in safe hands with Justin Sandercoe, who has worked with thousands of pupils and has even been dubbed one of the most influential Guitar teachers in history.
