The Political Economy of Monetary Union: Towards the Euro

Francesco Giordano, Sharda Persaud

The Political Economy of Monetary Union: Towards the Euro Francesco Giordano, Sharda Persaud

This book places the whole issue of monetary union in its wider political economic context. The authors discuss:

- * the effect of EMU on fiscal and monetary policies
- * Central bank independence
- * the impact of EMU on unemployment
- * ERM II
- * international perspectives.

Drawing on their experience in the European financial markets, the authors use a non-technical approach to discuss these issues - both in a general european sense and more specifically, Germany, the UK and Italy.
