## **El manuscrito de nieve (Spanish Edition)** Luís García Jambrina

Un nuevo caso del pesquisidor Fernando de Rojas en la Salamanca de finales del siglo xv. El bachiller Fernando de Rojas recibe el encargo de investigar el extraño asesinato de un estudiante de la Universidad de Salamanca. Así comienza una intensa aventura en la que iremos recorriendo los más diversos ambientes de una ciudad donde nada ni nadie es lo que parece, al tiempo que nos adentramos en su conflictiva historia, hasta llegar a descubrir los entresijos de unos crímenes que hunden sus raíces en el pasado y amenazan con desencadenar una guerra. Estamos ante una intriga detectivesca llena de giros, misterio y sorpresas. Por su compleja y apasionante trama desfilan personajes inolvidables y figuras históricas de todo género y condición, desde un conocido pícaro hasta la reina Isabel la Católica, pasando por la inquebrantable Lucía de Medrano, el maquiavélico Arzobispo de Santiago, Don Alonso de Fonseca, o el futuro Santo Fran Juan de Sahagún. Narrada con un estilo ágil, claro y preciso y grandes dosis de inteligencia, imaginación e ironía, El manuscrito de nieve es el resultado de una sabia y original mezcla de géneros. Pero también es una exaltación de la amistad, la igualdad y el estudio de las Humanidades, que para el autor son sinónimo de libertad, en una época de odios, discriminación y barbarie. Es la confirmación literaria de Luis García Jambrina, que con El manuscrito de piedra cosechó ya un enorme éxito de crítica y lectores e importantes galardones.
