## **What goes around comes around (Lily's Story Book 1) Isobel Hart**

Do you ever have conversations with people where they remark how they seem to have blinked and an hour has flown by, or a week, or a year? This morning I have been having one of those moments, except that I find myself standing in front of my mirror at home, looking at my reflection and realising that somehow eighteen years have gone by. And I can't for the life of me really tell you much about it – what I was doing, what I achieved, what the hell happened.

Caught in an unhappy marriage to a controlling man, who has become increasingly resentful about the hand life has dealt him, Lily Lambert has been forced to manage both the home and income for their family over the last nineteen years.

At 37 Lily finds herself approaching middle age, lacking in confidence and unhappy with her life. Determined to finally do something about it, she decides to get healthy. At the gym, she meets a new group of friends — including a man with bright blue eyes and killer abs — who open her eyes to what she has been missing. In the end Lily faces choices, but all choices have consequences, and Lily learns that some come at a higher cost than others.

What goes around comes around is an adult contemporary romance recommended for readers aged 18+
