"I knew I was in trouble when I began to dream about fly fishing ... Fly fishing had become a passion, not just a pastime. I was hooked," writes author Dana Rikimaru, one of America's leading fly fishing instructors, of her beginnings in this poetic sport. Filled with adventures and encouragement contributed by women who are already fly fishing, this woman-to-woman guide gives you everything you need to wade right in ... to know where to go ... what to take ... and how to savor every moment of discovering a new sport. It even provides resources that can connect you with other women fly fishers. So whether you fly fish "to catch fish" (even if you release them to be caught another day) or because, as the author says, "trout live in beautiful places," this guide is a woman's path into a very special activity.

#### **Virgie Haynes:**

As a scholar exactly feel bored for you to reading. If their teacher expected them to go to the library or make summary for some book, they are complained. Just minor students that has reading's soul or real their passion. They just do what the instructor want, like asked to the library. They go to generally there but nothing reading really. Any students feel that reading through is not important, boring in addition to can't see colorful pictures on there. Yeah, it is to get complicated. Book is very important for yourself. As we know that on this era, many ways to get whatever we wish. Likewise word says, ways to reach Chinese's country. So , this Fly Fishing: A Woman's Guide can make you really feel more interested to read.
