'Many years ago in Mytherranea, before the stars had names, when daisies were still called days' eyes, and the moon stayed up all night to keep the darkness company, there lived a race called redbits...' So begins the tale of Rensal, a small creature trying to make sense of a big world. Running along one day, Rensal bumps into the Tall One, a wise and mysterious redbit who loves to talk. Over tea, toast, and berries, the friends discuss life, love, creation, dreams, death, and everything else that lies under the sun. This is a book that gets to the heart of what it is to be young, of the joys and sorrows and confusions of childhood, and of the questions that continue to be pertinent even when we are full-grown - how we live, how we love, and what - if anything - it all means.
