A Critical Companion to Early Childhood

A Critical Companion to Early Childhood

In this stimulating and provocative book the editors have drawn together a diverse and international range of respected authors, each of whom has taken a critical approach to the contentious question of how you define and achieve quality early childhood services. It is a book designed to provoke and promote critical dialogue and discourse amongst practitioners and students through critical engagement with the position of the authors within the text. I believe anyone who reads this book will be inspired and motivated to challenge and extend their thinking and professional practice, adopting the critical stance which lies at the heart of quality services for children and families.

Professor Chris Pascal, Director of Centre for Research in Early Childhood (CREC)
