## **City of Man: Religion and Politics in a New Era** Michael Gerson, Peter Wehner

An era has ended. The political movement that most galvanized evangelicals for more than a quarter-century, the Religious Right, is fading away. What lies ahead is unclear.

Into this uncertainty, former White House insiders Michael Gerson and Peter Wehner call evangelicals toward a new kind of political engagement -- a kind that is better both for the church and the country, a kind that cannot be co-opted by either political party, a kind that avoids the historic mistakes of both the Religious Right and the Religious Left.

A product of the authors' own wrestling with the complicated relationship between religion and politics, *City of Man* assesses the past, surveys the present, and deals with questions central to evangelicals' future political role, including:

- \* How can religious people exercise influence while maintaining their integrity?
- \* What tone should they be known for?
- \* How should they think about the role and purpose of government?
- \* Which causes and issues, both at home and abroad, ought to be a part of their agenda?

Incisive, bold, and marked equally by pragmatism and idealism, Gerson and Wehner's book charts a new political future not just for civic-minded Christians and "values voters," but for the nation as a whole.
