Campo: El sueño de una Argentina verde y competitiva (Spanish Edition) Ivan Ordoñez, Sebastián Senesi

El campo argentino es mucho más que vacas, trigo y soja. Es una fábrica a cielo abierto de alimentos, telas y biocombustibles. Un complejo sistema de inversión, planificación, producción, logística y transporte. En el país, uno de cada cinco empleos directos depende de él.

Este libro es un análisis exhaustivo y polémico acerca del sistema de agronegocios argentino, al tiempo que derriba mitos y se arriesga a proponer cambios para lograr una Argentina verde y competitiva.

«El campo de hoy termina con la ridícula dicotomía campo-industria porque en el campo hay industria, hay un montón de industria. Termina con la noción de la chimenea. Basta con 'poblemos el país de chimeneas'; ¿chimeneas para hacer qué? El campo es industria.»

Juan Pablo Varsky
