Historical Dictionary of the International Monetary Fund (Historical Dictionaries of International Organizations)

Sarah Tenney, Norman K. Humphreys

Historical Dictionary of the International Monetary Fund (Historical Dictionaries of International Organizations) Sarah Tenney, Norman K. Humphreys

In its more than 65 years of existence, the International Monetary Fund has evolved from a small, obscure international agency, with new and uncertain responsibilities, into a powerful institution that today has assumed center stage in the international monetary system. It is a remarkable story of how an institution has developed and adapted itself to an evolving world and a changing membership in ways that perhaps no other international agency has been forced or able to do.

The third edition of the *Historical Dictionary of the International Monetary Fund* provides a comprehensive overview of the fund, including a chronology, an introductory essay, appendixes, a bibliography, and over 300 cross-referenced dictionary entries on the organizations, significant leaders, founders, and members. This book is an excellent access point for students, researchers, and anyone wanting to know more about the International Monetary Fund.
