Michael Owen: Off the Record

Michael Owen

Michael Owen: Off the Record Michael Owen

First published in 2004 and updated in 2006 to include his first full season with Real Madrid.

Michael Owen reveals the highlights and pitfalls of being a professional footballer in his first official autobiography, which contains his personal reflections on eight years in the game, including two World Cups, two European Championships and goalscoring records for club and country.

After his famous goal against Argentina in France '98, Michael Owen was forced to grow up almost overnight, his sudden fame propelling him to stardom to the extent that the hopes of a football nation now rest on the slender frame of this 26-year-old.

In his autobiography, Owen is forthright in his views on the game: he reacts to the accusations of diving, his susceptibility to injury, and his alleged gambling addiction; he writes candidly about his career at Liverpool, from Roy Evans to Gerard Houllier, and the reasons behind him leaving the club that made him as a player; and he talks about his ambitions for the England team and his new club Newcastle.

He is also opinionated about his England striking partnership with Wayne Rooney and the threat from Jermaine Defoe; his complex and at times difficult relationship with coaches such as Glenn Hoddle, Kevin Keegan and Sven-Goran Eriksson; and he has strong views on the thug culture still rife in English football.

Outside of the game, he talks openly for the first time about the death threats to him and his family, his relationship with childhood sweetheart Louise Bonsall – including her serious injury from a riding accident – and their baby Gemma as well as his passion for horse racing and betting.

This edition also covers Owen's dramatic transfer to Real Madrid, the frustrations of his first season in La Liga and the reasons for his return to England.
