**Energy, Environment and Green Building Materials: Proceedings of the 2014 International Conference on Energy, Environment and Green Building Materials ... November 28-30, 2014, Guilin, Guangxi, China**

The 2014 International Conference on Energy, Environment and Green Building Materials (EEGBM2014) was held November 28-30, 2014, in Guilin, Guangxi. EEGBM2014 provided a valuable opportunity for researchers, scholars and scientists to exchange their new ideas and application experiences face to face together, to establish business or research relations and to find global partners for future collaboration. The papers in this book are selected from more than 500 papers submitted to the 2014 International Conference on Energy, Environment and Green Building Materials (EEGBM2014). The book is divided into 4 sections, covering the topics of New Energy, Energy Efficiency and Energy Management, Building Materials and Environmental Engineering and Management. The conference will promote the development of the Energy, Environment and Green Building Materials, strengthening international academic cooperation and communications.
