Governmental Interventions, Social Needs, and the Management of U.S. Forests (Routledge Revivals)

Governmental Interventions, Social Needs, and the Management of U.S. Forests (Routledge Revivals)

Originally published in 1983, *Governmental Interventions, Social Needs, and the Management of U.S. Forests* aims to advise government and non-government managers about the issues around forestry in the United States. This report emphasises the management of forest lands in relation to the welfare of society touching on issues such as forest service planning, the effect of state regulations on private forest investments and the adequacy of timber resources. This title will be of interest to students of Environmental Studies and professionals.
