#### **Maria Lamotte:**

Is it you actually who having spare time in that case spend it whole day through watching television programs or just lying down on the bed? Do you need something new? This Asian Economic Integration Monitor: March 2013 can be the reply, oh how comes? It's a book you know. You are so out of date, spending your extra time by reading in this fresh era is common not a nerd activity. So what these publications have than the others?

#### **Eunice Huynh:**

As a university student exactly feel bored to help reading. If their teacher expected them to go to the library in order to make summary for some publication, they are complained. Just small students that has reading's heart or real their leisure activity. They just do what the teacher want, like asked to go to the library. They go to there but nothing reading significantly. Any students feel that reading through is not important, boring and can't see colorful photographs on there. Yeah, it is to become complicated. Book is very important in your case. As we know that on this age, many ways to get whatever we wish. Likewise word says, ways to reach Chinese's country. Therefore this Asian Economic Integration Monitor: March 2013 can make you really feel more interested to read.
