Blues, Jazz & Rock Riffs for Keyboards Hal Leonard

(Instructional). This book presents a practical approach to improvising through a system of patterns in a traditional blues style. Because so much of today's popular music has its roots in blues, the material included here is a vital component of jazz, rock, R&B, gospel, soul, and even pop. The author has compiled actual licks, riffs, turnaround phrases, embellishments, and basic patterns that define good piano blues and can be used as a basis for players to explore and create their own style.
