Sherlock Holmes has retired. After a cruel accident during a fruitless chase for Moriarty, Holmes is maimed badly enough that he declares he will no longer solve the crimes of the London streets. But then a letter comes. A letter imploring him to investigate the Opera Populaire's ghost. The spectre everyone has heard rumours of, but only one has seen. The Phantom, whose maniacal laughter was heard just before the enormous once-majestic chandelier crashed down. Holmes is intrigued and, despite his injury, travels with Watson to Paris to bring this Phantom to justice. But the love triangle, the maze within a maze of the building itself, and the others' assumptions that Holmes's mental capacity has been lessened by his hampered physical state will all take their toll on Sherlock Holmes. And the more he finds, the more he realizes that he cannot simply bring the Phantom to justice. After all, with some cases, the answer is so much deeper than a matter of right and wrong.
