Saturno: 2 (Italian Edition)

Jakob Lorber

Saturno: 2 (Italian Edition) Jakob Lorber

Sono grandi le rivelazioni su questo maestoso pianeta con i suoi due anelli principali e le sette lune. Ma ancora più grandi e stupefacenti sono le descrizioni sulla vita vegetale, animale, umana e spirituale di questo variegato mondo: la molteplicità dei colori delle piante, degli animali, la sfarzosità dei fiori rendono questo pianeta il più meraviglioso, splendido ed artistico dell'intera Creazione visibile.

Saturno è composto di 77 grandi isole continentali dove, in ognuna, ogni cosa è diversa dall'altra. In esso ci sono classi di piante e di specie in numero senza fine, che non esistono in nessun altro pianeta. Il colore dominante non è il verde, come sulla Terra, ma è un azzurro chiaro-brillante in tutte le sue gradazioni. I fiori hanno una vivacità di colori, dovuta ad un substrato metallico, e le piante producono frutti con un'abbondanza migliaia di volte superiore a quella terrestre. La grandezza di ogni cosa è proporzionata alle dimensioni del pianeta, il quale ha un diametro dieci volte superiore a quello della Terra ed ha un volume 1037 volte superiore.

La forma esteriore della donna è stata definita dal Signore "una bellezza celestiale", mentre l'uomo è la perfetta rappresentazione dell'immagine e somiglianza del Signore in Persona.

L'educazione degli abitanti di Saturno è diversa da quella terrestre a causa della "violenza ed eccitabilità" del loro spirito e quindi essi vengono sottoposti a "due fasi di perfezionamento": la prima avviene sul pianeta, la seconda avviene sulle sette lune o sull'anello. Sull'ultimo anello, infine, acquisiscono la predisposizione ad accogliere anche l'amore.

L'opera termina con la rivelazione della posizione degli spiriti di Saturno nel contesto dell'Uomo Cosmico.
