Cualquier momento es apropiado para contribuir con información de calidad al estudio del comportamiento criminal y de la prevención social del delito. Sin embargo, hacerlo se vuelve necesario cuando se enfrentan problemas mayúsculos al respecto, como es el caso de México actualmente. Sobre el tema abundan discusiones circulares, aisladas y en ocasiones fundamentadas en evidencias anecdóticas por parte de los participantes de las mismas. Perfiles criminales pretende aportar algo más a la discusión: primero, ofrecer información empírica sobre el comportamiento delictivo que contribuya al estudio del contexto social del criminal que ha sido detenido, procesado y, en su caso, sentenciado y recluido; segundo, relacionar esta información con un debate introductorio sobre la urgente necesidad de impulsar una política bien pensada y articulada de prevención social del delito en el país.
