Product Reviews:

"Your Making Algae Biodiesel at Home is a terrific document. Congratulations on probably the best collection of information anywhere on the topic."

"I have learned more from your e-book than spending \$6,000 going to the Algae World 2009 Conference in Rotterdam."

"I am a small farmer that is suffering from the Economic downturn and would not have had the finances to afford it at this time. I believe your work in research on algae and your willingness to share with us maybe at the center of new world wide wealth for the under privileged. The greatest aspect of your work is the empowering of the little people. You're making us aware we have other choices, we will no longer in bondage the big energy companies. You have demonstrated this is not complex. We can do this."
